

Professor Tuula Teeri, Ph.D.

Tuula Teeri is the President and CEO of the Royal Swedish Academy of Engineering Sciences (IVA) since November 2017. She has held research and leadership positions at the VTT Technical Research Centre of Finland and the KTH Royal Institute of Technology in Sweden where she was appointed Pro Vice Chancellor in 2008. During 2009 – 2017 Tuula Teeri was the President of Aalto University, leading the merger of three Finnish universities in technology, business and design. The unique profile at the intersection of art, science, business and technology, as well as student driven entrepreneurship has become an international benchmark of university reform.

Tuula Teeri has been Board member of Swedish and Finnish research institutes, foundations and research councils, and Chair of many international evaluations of academic institutions. She is currently member of the Advisory Council of the Joint Research Institute of the European Commission, the Academic Research Council Singapore and a Board Member of Åforsk foundation, Sweden.

Tuula Teeri is a fellow of the Royal Swedish Academy of Sciences, Royal Swedish Academy of Engineering Sciences and Technology Academy Finland, and a cofounder of SweTree Technologies, Sweden. She has the title of Commander of the Order of the White Rose of Finland, 2014, and Doctor honoris causa, School of Integrated Sciences and Technologies (aSSIST) in South Korea, 2017, and she is recipient of the Case Europe Leadership Award, 2016.
