

Designer Materials

Organizers: Kristi Anseth, University of Colorado
Diann Brei, University of Michigan

Designer Materials

Past

Present

Future

Session Overview

Organizers:

Diann Brei, Dept. of Mechanical Engineering, Univ. of Michigan

Kristi S. Anseth, Dept. of Chemical and Biological Engineering, Univ. of Colorado

Presentations:

- **Thin Film Materials**
by Greg P. Carman

Greg P. Carman
Mechanical & Aerospace
Engineering Dept.
University of California at
Los Angeles

- **The Future of Engineering Materials:
Multifunction for Performance-Tailored Structures**
by Leslie A. Momoda

Leslie A. Momoda
HRL Laboratories,
Malibu, California

- **Biomimetic Strategies in Vascular Tissue
Engineering**
by Jennifer L. West

Jennifer L. West
Bioengineering &
Chemical Engineering Depts.
Rice University
